

## CURRICULUM VITAE

**AVNISH KUMAR**

Contact: +91 8471075432

Email id: [avnish@ymail.com](mailto:avnish@ymail.com)

Website: <http://avnishkumar.co.in>

Present Address: 285/7, Shivpuri, Sec-9, VijayNagar, Ghaziabad (201009)

---

---

### **CAREER OBJECTIVE:**

Want to be a part of a corporate, with global environment, where I would get enough opportunities for steady growth of my career and technical skills under the guidance of field experts.

---

---

### **BASIC ACADEMIC CREDENTIALS:**

- **Master of Computer Application (2014)** from MTU, Noida (U.P).
  - **Bachelor of Computer Application (2011)** from CCSU, Meerut (U.P).
  - **12<sup>th</sup>** from U.P. Board
  - **10<sup>th</sup>** from U.P. Board
- 
- 

### **IT PROFICIENCY AND WEB PRESENCE:**

<b>Programming Skills</b>	C#.Net, ASP.Net, WPF, XAML, WCF, MVC, MSSQL, MySQL, C& C++, JavaScript, Xamarin(Basic), RDLC Reports
<b>UI &amp; Designing Skills</b>	DHTML, HTML5 & CSS3, Bootstrap, XAML
<b>Operating Systems</b>	Windows 9X/2000/XP/win7/8/10
<b>Additional Skills</b>	Knowledge of Computer Hardware & Networking
<b>Strength</b>	<b>Excellent hands on Visual Studio.</b> <b>Rich experience in web design and development.</b> <b>In depth knowledge of OOPS concept.</b> <b>Fast Learner with sharp brain &amp; positive attitude.</b>

### **WORK EXPERIENCE:**

**ACSG Corp. – SOFTWARE DEVELOPER**

**NSP DELHI, 11/04/16- Present.**

Responsibilities:

- Development of .NET based Windows application and WCF Services.
- Research Biometric (Voice, face and fingerprint) base algorithm and develop such type of Application.
- Create UX/UI of windows application using XAML.
- Design, Develop and maintaining Govt Application Software done by ACSG CORP.

**Achievements:**

- Developed Voice Matching Application by implementing MATLAB algorithm.

## 7<sup>th</sup> SOLUTION – WEB DEVELOPER

Ghaziabad, 16/06/14 –10/04/16.

Responsibilities:

- Development of .NET based Websites and web applications.

### EXPERIENTIAL LEARNING (Projects):

Project Title : [Unilinetourism.in](http://Unilinetourism.in) (A TourismWebsite.)  
Platform : ASP.Net MVC using Entity Framework, SQL Server 2008.  
Role : Team Lead Development.  
Details : This Website is made in ASP.Net MVC using Entity Framework with SQL Server based on Tourism. This project covers all the aspects of tourism website. User can also book packages. There is also a admin panel through which we can manage the whole site like adding, updating, deleting new places, states, packages etc. Viewing packages booked by users on the site.

---

Project Title : Voice Analytic (Voice Matching Application Software )  
Platform : .Net technology using C #, WPF, WCF, XAML, SQL Server 2008  
SDK : Phonexia SID SDK  
Role : Development Team Member.  
Details : This,WPF base application can match voice using text independent algorithm we use phonexia SID SDK for voice matching. This Application is a client-Server base application. In this there is a WCF Service run on server as Windows services and access by client applications. All matching process is done within server by holding a large database of people of a country.

---

Project Title : Red Multimedia (Face & Voice Matching Application Software )  
Platform : .Net technology using C #, WPF, WCF, XAML, SQL Server 2008  
SDK : MATLAB Voice Matching Algo & Luxand.  
Role : Development Team Member.  
Details : This,WPF base application can match voice using text independent algorithm we use MATLAB Voice Matching Algo for voice matching and Luxand for Face Matching. This Application is a client-Server base application. In this there is a WCF Service run on server as Windows services and access by client applications.

---

Project Title : Bio Metric Attendance Management System (Application Software).  
Bio Metric Hardware : SecuGen Hamster Plus with SDK.  
Role : Development Member(Single handed development).  
Platform : .Net technology using C #, WinForm, SQL Server 2008.

---

Project Title : Timepointgzb.com (A Wrist Watch Online Store.)(Expired)  
Platform : ASP.Net technology using C #, MySQL and ADO.NET.  
Role : Development Team Member.  
Details : Time point is Online Watch Store with Shopping Cart in which administrator add categories, sub-categories and products and those things are shown to users for buying. Shopping Cart is made dynamically by multiplication of rate and quantity and the total cost is calculated. There are 2 types of login, one is the administrator and other is user login. Admin can add, update, delete the category, sub-category and products. He / She can check out feedback, the list of orders, users, etc.

---

Project Title : Holyangelsgzb.ac.in (Holy Angels Public School Website.)  
Platform : ASP.Net technology using C #, MySQL and ADO.NET.  
Role : Development Team Member.  
Details : This Project is about Holy Angels Public School Website. It automates process of admissions, section allotments, gallery, news and staff managements.
